LOT 133 - Arete Wellness Facial and Pain Relief Session

Description

Relax and pamper yourself with one microcurrent facial and one microcurrent pain therapy session from Arete Wellness in Sioux Falls. Microcurrent facials are capable of tightening and toning the muscles reducing the appearance of wrinkles while fueling skin cells with the proper nutrients at the cellular level. Microcurrent pain therapy offers effective pain management for patients seeking treatment for a variety of health issues, including chronic pain, arthritis, sports injuries, ligament injuries, muscular strains, migraines, edema and neuropathy. Benefits include:

- Improving cellular metabolism of injured tissues
- Relieving pain in nerves, joints, muscles, and tendons
- Increasing circulation and decreasing inflammation
- Accelerating injury recovery
- Increasing range of motion
- Detoxing the body at a cellular level
- Providing advanced healing for sciatica, tendonitis, TMJ, fibromyalgia, bursitis, carpal tunnel, headaches, back injury, and more
