

**Sale Name:** Seed Testing Research Foundation - 14th Annual Silent Auction

**LOT 20 - Peppermint Liqueur**

**Description**

Did you know Oregon is the #1 peppermint producer in the United States? A farm local to the Corvallis, OR area works with the distillery there to transform those dark green leaves into a "mint-ense" experience. Think of it as a less sweet version of classic peppermint Schnapps. They only use the beautiful, complex Willamette strain peppermint grown right in the Willamette Valley. It is a sip of heaven in a mug of dark hot chocolate. Or, if you are looking for a bit of "antifreeze" during your favorite winter sports, look no further.

**Quantity:** 1

**ADVANTAGE**  
*Land Co.*
